

International Towers 1, Barangaroo

Case Study

The tallest of the three commercial towers in Sydney's Barangaroo development, International Towers One, officially opened in early 2017. Just like the other two, this tower has 7 record Diamond Series revolving doors across the north and south lobby entries, in addition to 5 automatic sliding doors to the lobby and carpark entries and 16 automatic swing operators to the lobby and retail entries.

In the south lobby there are 4 Diamond doors, 4000mm diameter x 3000mm high in 4 wing, with another smaller 3 wing Diamond door in 3000mm diameter x 3000mm high. In the north lobby there are 2 Diamond doors at 4000mm diameter x 3600mm high.
