

Offices 95 Queen Victoria Street, London

Riferimento

At this entrance to the serviced offices at 95 Queen Victoria Street, London, record uk installed a C90 underground sliding door operator and revolving door. The all-glass facade and all-glass revolving door allows the ambient light from the inside reception area to create a modern yet inviting internal space. The record C90 underground operator is suitable for heavier and larger doors weighing up to 600kg.
